

## About Us

**FILAM Nursing Career Center (FNCC)** is a duly U.S. registered corporation, based in Burlingame, California, whose primordial goal is to provide individuals, aged 18-60 years old, the opportunity to reinvent themselves.

*Al Cabusas*  
CEO/President

The US healthcare industry, especially here in California, is in crisis. The shortage of nurses is climbing up to its highest level unheard of. By 2020, as projected, the U.S will have approximately a million vacant nursing jobs.

Therefore, UV and FNCC's mission is to assist the US government in solving the current shortage of nurses, by providing a quality but affordable nursing education to all Filipino or non-Filipino US residents. It is a 21<sup>st</sup> Century kind of education that will usher them to become globally competitive .

FNCC is currently expanding to Nevada and to other states outside California.

We are proud to be the sole marketing partner of the University of the Visayas (UV), based in Cebu City, Philippines, which produces topnotch healthcare graduates and nurse practitioners in the world today.

UV's Tuition Fees are less than half the industry's standard, particularly in the USA. With FNCC's strong partnership with well established educational institutions, like the University of the Visayas (UV), founded back in 1919 in Cebu City, Philippines, we expect to make a difference in molding our clients to become more productive in the society.

Our Programs include BSN/RN for thirty (30) months and Licensed Vocational Nursing (LVN) for twelve (12 ) months, especially designed for working students.

# LVN Program

**T**he **LVN program** is a 12-month nursing program, based on a multi-instructional type of curriculum, coupled with eight (8) weeks of actual clinical training or RLE (Related Learning Experience).

The clinical training program will be held in an affiliated hospital, based in Cebu City, Philippines. The University of the Visayas (UV), which is FNCC's major educational partner, provides the student with multi-structured learning program that will continuously promote interactive learning, with proven high retention and success rates.

Learning methodologies include: lecture, employing experienced online nursing educators, RLE based field trips and workshops, supplemented with self-study comprehensive modules, coupled with NCLEX based-prep web-conferencing, including NCLEX practice tests. The theory part of the program will be done in a virtual tutorial basis, where a student does not have to attend a fixed class schedule .

**Live lectures are done on a minimum of three (3) hours a week or a maximum of nine (9) hours a week during student's days off from work.**

# BSN Program

While, the **Bachelor of Science in Nursing (BSN) program** is a two and a half year program that utilizes real time online nursing education in two main phases – the academic preparation phase and the practicum / clinical phase, employing comprehensive materials chiefly designed for

the program. Nursing skills are particularly honed in the clinical duty where every student has the opportunity to demonstrate his / her working knowledge and skills from the simplest to the most complicated nursing procedures in an affiliated hospital in Cebu City, Philippines. The program completely integrates the major aspects of nursing discipline, specifically in the fields of Medical-Surgical, Maternal and Child Health, Community, Psychiatric and Geriatric Nursing .

The student must be a graduate of an LPN/LVN course or any health related allied courses as part of the qualification requirement upon admission in the BSN program.
